Maritime expertise delivering capability and resilience

K39 Consulting is a trusted Australian owned Defence consultancy, veteran-owned and mission-driven to strengthen sovereign capability through deep technical expertise and proven delivery across complex Defence programs across the globe.

With integrity, precision and excellence at our core, our team navigate the evolving demands of modern warfare to reduce risk, accelerate sovereign capability, strengthen domestic supply chains, building operational resilience.

Since 2018 we have been partnering with the Australian Department of Defence, the Royal Australian Navy (RAN) and Defence industry to provide end-to-end specialist maritime solutions to deliver sovereign capability and resilience.

Our real-world Defence maritime experience and expertise, agility combined with dedication to fostering positive working relationships, makes K39 Consulting the optimal partner. We are a dynamic group of industry experts, veterans and innovators, aiming to make a real difference, ensuring operational readiness, compliance and efficiency across all phases of the contract lifecycle.

Excellence sit at the core of everything we do, guiding us through projects to safeguard the nation's future. K39 Consulting was built on a foundation of integrity and authenticity, we empower our team to perform at their best. This is why we attract some of the best and brightest in the industry, we live by our values and deliver results for our clients.

OUR EXPERIENCE

Our team of maritime specialists bring deep expertise and proven capability, guiding our clients through complex projects critical to Australia's national security. Under the Maritime Sustainment Model, our experts and advisers help the Naval Shipbuilding and Sustainment Group (NSSG) and RAN align strategy to execution, contributing to the delivery and sustainment of capability throughout the lifecycle of an asset or system.

We have contributed to the following programs of work for the RAN and NSSG:

- Regional Maintenance Centre (RMC) East
- Capability Life Cycle Manager (CLCM) Guided-Missile Destroyer (DDG)
- Regional Maintenance Centre (RMC) National

REGISTRATIONS

- The Defence Industry Security Program (DISP) ICT and cyber security accreditation
- Australian Industry and Defence Network (AIDN)
- Australian and UK registered company
- JOSCAR member
